Memorial Day

Celebrated on the last Monday of May, Memorial Day is a federal holiday that commemorates men and women who have died serving the United States. First instituted to remember soldiers who died in the Civil War, it was originally called "Decoration Day" for the tradition of decorating soldiers' graves. After World War I, the observance broadened to include the fallen of all American wars. In 1882 the name 'Memorial Day' began being used, becoming the 'official name' under federal law in 1967.

Election Day

The Tuesday following the first Monday of November is Election Day, when ballots are cast for elected officials. The first presidential election to occur simultaneously on this day took place in 1848, and the House of Representatives election was moved to take place on the same date in 1872. Voting that takes place on the same date throughout the country prevents earlier elections from affecting later ones.

Flag Day

June 14 is Flag Day, a federal observance commemorating the official adoption of the US flag by the Second Continental Congress in 1777. Flag Day celebrates the rich history of the official symbol for the United States – the American flag, with its Stars and Stripes; it is also an opportunity to remember those who fight to protect it and the nation for which it stands. Although it has been celebrated since the Civil War, President Woodrow Wilson proclaimed that it would be celebrated on June 14 in 1916.
